How to Retrieve your Decision Support Report from SAS Visual Analytics

You will receive your Decision_Support reports as an emailed link from SAS Visual Analytics Report Distribution.

1. The report will come from “SAS Visual Analytics Report Distribution <data.kennesaw.edu>”
   a. The graphics will identify the email as being from SAS Visual Analytics
   b. The blue rectangle box is an active link that will take you to the login page for SAS Viya.

2. Click the link to go to the SAS Viya login screen.
   a. Enter your KSU netid and your password.
   b. SAS will open your report for you.

Note: If you expect a large number of rows, click the “Detailed Data” box to ensure you export all of the rows. Choosing this option will alphabetize your columns. Smaller datasets will maintain the column order as it appears on the screen. If you check the box and your row count does not change (this can be seen in the “Rows:” box in the blue window), then you know you don’t need to check “Detailed Data.”
Exporting the SAS Report to Excel

3. Hover over the rightmost column in the report so the three dots become visible. Click to access the menu.

4. Select the “Export data...” option from the menu.

5. Columns are all checked by default. Uncheck any columns you do not need. Excel workbook is selected by default. Click OK.

Note: If you expect a large number of rows, click the “Detailed Data” box to ensure you export all of the rows. Choosing this option will alphabetize your columns. Smaller datasets will maintain the column order as it appears on the screen. If you check the box and your row count does not change (this can be seen in the “Rows:” box in the blue window), then you know you don’t need to check “Detailed Data”.

6. Select either Open with Excel or Save File, Click OK.

Important Helpful Information:

- If you routinely receive your reports and you do not receive an emailed link to retrieve your Decision Support reports, please email Service@kennesaw.edu, the subject line should state attention: Institutional Research, copying Lori Uhler and Decision_Support@kennesaw.edu.

- If you encounter any login or system errors, please take a screen shot of the error messages and send in a ticket to: Service@kennesaw.edu the subject line should state attention: Institutional Research.

- For report content questions, please email Decision_Support@kennesaw.edu.
